

Public Sector Experience and Expertise

In today's difficult times with budget pressures, staff freezes and increased service expectations all overlaid with the challenges of a dynamically changing reporting environment, it is reassuring that there is someone that understands your environment and can be relied on to assist you in to achieving the outcomes you want.

Moorestone is a leading edge financial management resources and consulting firm that is **a member of the NSW Government Expert Panel – Performance Reviews and Management Consultancy Scheme** and has been used by government agencies and businesses, very effectively. We are authorised to provide expertise in the areas of:

Performance Reviews – includes reviews of agencies, programs, budget and performance targets, management, functions, policies legislation and strategies and regulation

Service Delivery Improvement – advice and/or assistance regarding service strategy and planning, service implementation, performance and evaluation

Organisational Capability – advice and/or assistance regarding governance and reporting, corporate and business strategy, business process improvement, communication, human resources, financial management, asset management and procurement and office services

General Technical Expertise – advice and/or assistance regarding policy development, business case development, contracts and contracting, project governance and management, issues management, financial and economic analysis, budget management and environmental impact assessment

We understand government departments' operations methods, issues, challenges and obstacles that often impede the department's successful operation. Our focus is to work collaboratively to address such issues that results in a strong relationship based on trust, mutual benefit and success for your agency / department.

Benefits of **Moorestone**

- Acknowledged public sector expertise
- Leading edge technical skills and thought leadership
- Responsive and outcomes focused
- Highly experienced and senior people solely used
- Cost effective resources
- Collaborative approach to solution delivery

Moorestone has recently provided a range of services under the scheme and/or other procurement arrangements to NSW Public Sector organisations that include:

- Department of Education and Training
- RailCorp
- Hunter New England Area Health Service

Under the NSW Government Expert Panel – Performance Reviews and Management Consultancy Scheme, NSW Public Sector organisations are provided with a simplified tender and evaluation process that makes using Moorestone efficient and cost effective in dealing with your organisational issues.
